Should Study Constitution Says Judge Galloway

Applicants for final naturalization papers should read the constitution of the United States and the constitution of the state of Oregon, said Judge William Galloway yesterday. Judge Galloway has the say as to whether alien applicants for citizenship shall be admitted or not but his honor explains that no man can be a good citizen of the United States who does not understand the principles of the government under which he hopes to become an intelligent voter.

The judge went on to say that many applicants did not know who represented this district in congress and many thought the governor was the highest officer in the nation. The judge said for their own good they should know to whom to go in case of rent matters, taxes, and other things that came up in everyday life and he found some of

them woefully ignorant on those subjects. About 40 applicants will come up for examination on August 4 and at this time all should be familiar with the principles of the government. Two applications heard last week were continued until the applicants might study up a little on the constitution. This document can be found in any school library and is easily available to those who wish to look into the matter.

QUINABY NEWS NOTES

(Capital Journal Special Service.)
Quinaby, Or., May 11.—Much needed rain fell here Sunday night in quantities sufficient to insure the continued growth and development of hay, grain and fruit, all of which had begun to feel the need of moisture. Since the June rains were omitted last year and a 70 days drought followed, farmers are welcoming this downpour, since a thorough soaking of the ground at this time will go a long ways toward an

abundant harvest. Strawberries are the only thing to be retarded by the present showers, but a more prolific crop is anticipated when the sun shall reappear. The recent frosts have thinned some fruits and the size of that remaining is noticeably increased. The fruit crop generally is not so heavy in this section, with the exception of plums and currants, which are greater than in any former years.

The Perkins school, in charge of Miss Pauline Barnes, closed Friday. A picnic in the woods and a baseball game on Saturday was enjoyed by the children and a few parents. Next Monday Miss Barnes and her father, who is slowly recovering from a stroke of paralysis, will leave for a several months' visit to their former home in Minnesota. After their return in the autumn Miss Barnes will assume charge of the primary department of the Clear Lake school.

Robert Hackett and his sister, Miss Hackett, of Dakota, are guests of Mr. and Mrs. Shaw near Brooks. They were former neighbors of the Shaw's in Dakota, and are planning to locate here.

FULL TEACHING STAFF ELECTED FOR THE YEAR

New Salary Schedule Is Applied to Salem System for Next School Year—Minetta Magers to Give Music Instruction In Senior High, With Assistant In Junior and Grades—Stronger in Athletics

The Salem school board last night elected practically a full corps of teachers for the Salem schools for the school year 1915-16. The staff of principals, tentatively agreed upon at last Friday's special meeting, was ratified last night, and everything is practically in readiness for the beginning of the new year, next September, under the most favorable auspices.

City Superintendent Elliott expressed pleasure in being able to announce that Miss Minetta Magers had consented to enter into another contract for music for the coming year, and she was unanimously elected to teach music in the senior grades of the high school, devoting one period each day of her time, or one hour a day and five hours per week, to teaching music, and she will have full charge of all recitals and entertainments to be staged by the school during the year. It was also decided to employ an assistant in music to teach in the junior high and in the grades.

H. O. Clancy, instructor in physiology and science in the high school, will continue instruction in athletics in the senior grades and coach the young athletes in all field sports and athletics, and it was the sense of the board that the new assistant in the science department, negotiations with whom are now pending, and who is reported to be a qualified teacher of the work will also assist in athletic instruction and will have charge of the junior teams in athletics.

In selecting the teaching staff for the coming year, the board took under consideration the new schedule of salaries, and it was made to apply to every case where preparation, experience and efficiency obtained. D. A. Luthy, who taught in the East or Washington school this year, was not a candidate for re-election, and the same is true of Inez Kern and Mrs. Florence Shaw, of the Lincoln staff, the latter of whom has accepted a principalship of a school in southern Oregon. Miss May Lynch will attend the University of Oregon next year, and Ray L. Smith, who taught mathematics in the senior high this year, will enter into the practice of law. Also Robert L. Davidson, instructor in physics in the high school, was not a candidate for re-election.

The full staff of teachers elected for the coming year, including the principals, follows:
Senior High School—Principal, James C. Nelson; assistant principal, A. L. Schmalzer.
Junior high schools—Grant, E. A. Miller; Lincoln, R. P. Durham; Washington, P. S. Gannett.

Elementary Schools—Englewood, Mrs. Marie Ehmer; Garfield, Mrs. Margaret Cooper; Highland, Mrs. La Moine Clark; McKinley, Miss Emma Kemmer; Richmond, Miss Anna Fisher; Park, C. S. Dotson.

Humane Sunday To Be Observed Here

Local Society Will Hold Proper Exercises—Protest Against Shipping Horses and Mules To War

Humane Sunday and Be Kind to Animals Week will be observed in Salem this year, according to a circular sent out from the office of the Salem Animal and Humane Society, this is a branch of the Oregon Humane Society. Humane Sunday will be observed May 23, all over the United States under the leadership of the National Humane Society, with headquarters at Albany, New York.

John H. McNary, president, and Frank A. Turner, as president and secretary of the local society, have requested all the churches of the city to give a morning or evening service to the cause of humane education, and some of the churches have already expressed a willingness to observe the day. The Oregon Humane Society gets a state appropriation which is used in various parts of the state. The society was a case last February where sheep were sheared almost in the midst of winter in Multnomah county. This is only an illustration of the need of public sentiment being aroused on such matters. In many parts of Oregon sheep have not yet been sheared, while it is estimated fifty thousand were lost in one storm recently in Clatsop county from having their heavy fleeces removed too early.

The American Humane Society and all its branches are interesting themselves in protesting against the exportation of horses and mules to be destroyed in the battlefields of Europe. It is said the average life of these horses is only eight weeks. Many of these horses are on the ground for five to ten days in mortal agony, and the American people as a Christian nation should not be guilty of the heathenish cruelty of sending these dumb animals to a worse than useless slaughter. We are supposed to be a neutral nation, and followers of the Prince of Peace, and still certainly be held accountable for the awful suffering we are causing these poor brutes. The American Humane Society asks you to send a letter or postal card to the President of the United States, to your United States senators, and to your governor, protesting against the traffic in these unfortunate animals who cannot speak for themselves. Invert five cents in the cause of humanity, and then sit observing Humane Sunday and Be Kind to Animals Week.

There is an old time remedy called M-O-N-A Stomach Tablets which give wonderfully quick relief in such cases. They are a splendidly balanced stomach prescription and no matter how bad your stomach is, how long it has bothered or what or how much you eat, these little tablets will make your stomach digest every last particle of food in it. Daniel J. Fry or most any good druggist in this vicinity sells M-O-N-A on a positive guarantee of satisfactory results or money back.

Just because the peppin pills, soda water and other artificial digestive tablets you have been taking no longer give you the desired relief and you must take two, four or six instead of one to stop your heart burn, bloating, sour rising, belching and stomach lump, it's no sign there is no quick relief for you, but a sure sign that it's high time you changed your medicine. Give up these so-called aids to digestion, that work on the food and do the stomach no actual good or you'll belch and blast till doomsday. You need a remedy that will strengthen your stomach muscles and lining and increase the flow of digestive juices. Then your stomach will do its own digesting.

Doty, clerk of School District No. 136, Marion county, Oregon, will receive bids for the erection and completion of a new school building to be built in accordance with plans and specifications as prepared by Arnold C. Jenkins, architect, until 2:30 o'clock, May 20, 1915. A certified check of one hundred dollars, made payable to B. L. Carothers, chairman of school board, will be required. A corporate surety bond will be required for the sum of 75 per cent of amount of contract. Plans and specifications may be had by applying to county Superintendent's office, Court House, Salem, Oregon, or W. H. Doty, clerk, R. F. D. No. 1, Jefferson, Ore.

GOETHALS IN WASHINGTON. Washington, May 10.—Major General George W. Goethals arrived here today from the canal zone and met Secretary Daniels at the navy department.

Although not definitely announced, the impression was plain that General Goethals report to the secretary meant the abandonment of the scheduled trip of the Atlantic fleet through the Panama canal in July. Goethals is understood to have declared that it would take a week to tow the dreadnaughts through the canal and that a slide might divide the fleet.

GIRLS IN BAD HEALTH. Hundreds of girls go to work day after day, afflicted with some ailment peculiar to their sex, dragging one foot wearily after the other, working always with one eye on the clock and wishing for closing time to come. Every such girl should rely on Lydia E. Pinkham's Vegetable Compound to restore her to a normal healthy condition, then work will be a pleasure. For forty years this famous root and herb medicine has been preeminently successful in controlling diseases of women. Why don't you try it?

Something Wrong. "I thought you advertised that this place was a health resort!" said the fat man.

"It is," replied the hotel clerk.

"What is the matter with it?"

"Lies the matter," replied the fat man. "I've been here two days, and I never saw such an unhealthy bunch of people in my life."—Milwaukee Sentinel.

Several of the church deacons started an investigation of a rumor that Darrell had married Doris Vaughn, 17, in Chicago in September, 1914. Darrell hurried to Chicago, where Doris lived with her parents, protesting that Doris was his wife, and that it was merely a coincidence that Ruth Soper, whom he had known when both were students at Chicago university, and his infant fiancée to be living in Kenosha.

Then Ethel Spurgeon, of Avon, Ill., declared Darrell had married her, and that subsequently she had divorced him. Thereupon Miss Vaughn denounced Darrell as a heart smasher and divorced him, winning the decree on published admissions of the cleric, who did not deny the suit.

At this juncture federal agents began investigating Darrell's alleged activities. Just before he was arrested in Chicago, Darrell and the Soper girl tried vainly to get a marriage license in Indiana and in the Dakotas.
